

NAVEEN NAGESH NARASAPUR

naveennarasapur05@gmail.com | [LinkedIn](#) | <https://naveen-narasapur.in/>

PROFILE

Computer Science graduate interested in building reliable, scalable software and intelligent systems. Primary interests span backend engineering, system design, APIs, data-intensive applications, and AI/ML. Enjoys understanding how systems work under the hood and turning complex problems into practical software solutions.

TECHNICAL SKILLS

Programming: C, C++, Python, Data Structures, Algorithms, OOP

Databases: MySQL, PostgreSQL, MongoDB

Web Development: HTML, CSS, JavaScript, React, Node.js

DevOps & Infrastructure: Docker, Kubernetes, CI/CD

Networking & Systems: TCP/IP, HTTP, Linux, OSI Model, Mininet, CICFlowMeter

Tools & Collaboration: Git, GitHub, Jira, Confluence, VS Code, Jupyter Notebook

AI & Machine Learning: Regression, Classification, Clustering, Reinforcement Learning, Retrieval-Augmented Generation (RAG), Fine-tuning

WORK EXPERIENCE

Intern — KPMG Global Services

Jan 2026 – Jul 2026

- Completed structured soft-skills training covering professional communication, teamwork, and corporate etiquette.
- Wrote SQL and PL/SQL hands-on — queries, joins, and stored procedures — against real datasets.
- Learned Oracle Integration Cloud (OIC): integrations, adapters, and workflow design.
- Built real-time OIC integrations to handle data flow between different systems.

PROJECTS

DDoS Detection & Mitigation Using Unsupervised Learning and PoW

- Built an unsupervised machine learning system that flags DDoS traffic patterns without labeled attack data.
- Paired detection with a Proof-of-Work challenge layer to throttle and mitigate malicious requests before they reach the server.

Zero-Shot Learning for Image Classification (AwA2 Dataset)

- Designed a model that recognizes animal categories it was never trained on, using attribute-based semantic mapping.
- Layered semantic mapping on top of ResNet feature extraction; evaluated on the AwA2 dataset.

Personal Portfolio

- Built and deployed a static portfolio with HTML, CSS, and JavaScript on Cloudflare Workers, with a serverless page-view counter backed by D1 (SQLite).

ACHIEVEMENTS

- GATE DA 2026 — Secured All India Rank (AIR) 4561 in the Data Science & AI paper.
- ACM ICPC Asia Amritapuri Doublesite Regional Contest 2023 — Honorable Mention, representing KLE Technological University (Team BruteForcers).

EDUCATION

KLE Technological University, Hubli

2022 – 2026

Bachelor of Technology, Computer Science (Artificial Intelligence) — 8.90 CGPA

Vidyaniketan P.U. Science College, Hubli

2020 – 2022

Class 12 — 97.17%

JSS English Medium School, Dharwad

2019 – 2020

Class 10 — 94.08%
